

## Mesmerized

Flying trough another sphere.  
Not even trying to interfere (Try to interfere  
with my soul).  
You're with me, that's for sure.  
I won't leave you anymore (A total eclipse of  
the moon).  
The spring will kill the winter soon.  
The summer sun will hide the moon.

**I wanna play god tonight. Watch my ego  
stand up right.  
Easy to try. I got you mesmerized.  
I'm ready to dream tonight. I'm gonna catch  
the butterflies.  
Together again. You got me mesmerized.**

Flying through another sphere.  
Not even trying to interfere (Try to interfere  
with my soul).  
On your shoulders I will ride.  
All the nightmares step aside.

**I wanna play god tonight. Watch my ego  
stand up right.  
Easy to try. I got you mesmerized.  
I'm ready to dream tonight. I'm gonna catch  
the butterflies.  
Together again. You got me mesmerized.**

They say love's nothing but a word.  
What an information.  
They say that love can only hurt.  
I don't believe it.  
Where would we end up in this world.  
Without destination.  
I don't agree.

**I wanna play god tonight. Watch my ego  
stand up right.  
Easy to try. I got you mesmerized. (2x)  
I'm ready to dream tonight. I'm gonna catch  
the butterflies.  
Together again. You got me, again you got me  
mesmerized.**

## **Dance For You Tonight**

1.000 words in black. Off the beaten track.  
Brain-washed chronicles. Am I cynical.  
Maybe I need you. But you need me more.  
Fairy-tales are gone. Thrillers come instead.  
When her wedding dress.  
Turns to raven black.  
Drink the bottle down. Cheers to all you know.

Intellectual. Hypocritical.  
So adventurous. And so typical.  
Friend and foe in one.  
Scratch your itchy disease.

**I'm gonna dance for you tonight.**  
**I'll jump over fire. Feed your desire.**  
**I'm gonna dance for you tonight.**  
**Take all the pieces. But don't take my soul.**

How much is a lie? Are your millionaire?  
How much is the truth? Castles in the air.  
It is not your fault.  
It's your rotten heart.

Intellectual. Hypocritical.  
So adventurous. And so typical.  
Friend and foe in one.  
Scratch your itchy disease.

**I'm gonna dance for you tonight.**  
**I'll jump over fire. Feed your desire.**  
**I'm gonna dance for you tonight.**  
**Take all the pieces. But don't take my soul.**

## Superstar

Day one. You didn't really catch my eye.  
You're pleasant, very nice.  
But I didn't realize. You're the one.

Two. Until now there were only a few.  
Who were able to break into.  
My very well hidden world. That's for sure.

Three. A silly angel shoots at me.  
I'm naked in my dream.  
Suddenly you disappear. End-scene.

Don't you know. Don't you know better.  
Very proud. Like a peacock.  
Don't you know. Don't you know better.  
Bring down your feathers.

**You don't have to be a superstar.  
To belong here. I'm in love with you.  
You got me with a speed of light.  
Black and white. Dynamite, babe.  
Push my buttons. Make me satisfied.**

Four. There were only three before.  
A millenium to go.  
Together me and you. Really do.

Five, six. Another good step to sex.  
This time I will have success.  
Together me and you. Will you too?

Don't you know. Don't you know better.  
Very proud. Like a peacock.  
Don't you know. Don't you know better.  
Bring down your feathers.

**You don't have to be a superstar.  
To belong here. I'm in love with you.  
You got me with a speed of light.  
Black and white. Dynamite, babe.  
Push my buttons. Make me satisfied.**

**Superstar, superstar.  
Don't you know. Don't you know better.  
Superstar, superstar.  
Don't you know. Don't you know better.**

**You don't have to be a superstar.  
To belong here. I'm in love with you.  
You got me with a speed of light.  
Black and white. Dynamite, babe.  
Push my buttons. Make me satisfied.**

You're turning me on (The way you eat my  
lips).  
You're turning me on (How you kicked my ass  
last week).  
You're turning me on (I don't care that we get  
no sleep).  
You're turning me on (Twisting and turning).

**You don't have to be a superstar.  
To belong here. I'm in love with you.  
You got me with a speed of light.  
Black and white. Dynamite, babe.  
Push my buttons. Make me satisfied.**

**Superstar, superstar, superstar, superstar.**

## Good Things

Days are dawning. Heaven's falling.  
Sinking deeper inside.  
Bless me. Take me. Don't forsake me.  
I have no place to hide.  
But you make me feel. Tired but real.  
Slowly I dream.

When the rain falls down.  
When my soul hits ground.  
There's still the good things.  
All the good things.

Silent whisper. Purple blisters.  
Painting maps on my soul (maps on my soul).  
You are magic. Truly healing.  
Thank you. For taking me home.

You make me feel. Tired but real.  
Slowly I dream.

**When the rain falls down.  
When my soul hits ground.  
There're all the good things.  
All the good things.  
When the rain falls down.  
When I'm lost and found.  
There're all the good things.  
All the good things.**

Tears build rivers.  
Rivers build oceans.  
And oceans will never dry.

**When the rain falls down.  
When my soul hits ground.  
There're all the good things.  
All the good things.  
When the rain falls down.  
When I'm lost and found.  
There're all the good things.  
All the good things.**

## Survivor

Now that you're out of my life.  
I'm so much better.  
You thought that I'd be weak without you.  
But I'm stronger.  
You thought that I'd be broke without you.  
But I'm richer.  
You thought that I'd be sad without you.  
I laugh harder.  
You thought I wouldn't grow without you.  
Now I'm wiser.  
Though that I'd be helpless without you.  
But I'm smarter.  
You thought that I'd be stressed without you.  
But I'm chillin'  
You thought that I wouldn't sell without you.  
Sold 9 milion.

**I'm a survivor (What?)**  
**I'm not gon' give up (What?)**  
**I'm not gon' stop (What?)**  
**I'm gon' work harder (What?)**  
**I'm a survivor (What?)**  
**I'm gonna make it (What?)**  
**I will survive (What?)**  
**Keep on survivin' (What?)**  
**I'm a survivor (What?)**  
**I'm not gon' give up (What?)**  
**I'm not gon' stop (What?)**  
**I'm gon' work harder (What?)**  
**I'm a survivor (What?)**  
**I'm gonna make it (What?)**  
**I will survive (What?)**  
**Keep on survivin' (What?)**

Thought I couldn't breathe without you.  
I'm inhaling.  
You thought I couldn't see without you.  
Perfect vision.  
You thought I couldn't last without you.  
But I'm lastin'  
You thought that I would die without you.  
But I'm livin'  
Thought that I would fail without you.  
But I'm on top.  
Thought it would be over by now.  
But it won't stop.  
Thought that I would self destruct.  
But I'm still here.  
Even in my years to come.  
I'm still gon' be here.

## REF.

I'm wishin' you're the best.  
Pray that you are blessed.  
Bring much success, no stress, and lots of  
happiness (I'm better than that).  
I'm not gon' lie on you and your family .  
(I'm better than that).  
I'm not gon' hate on you in the magazines.  
(I'm better than that).  
I'm not gon' compromise my Christianity.  
(I'm better than that).  
You know I'm not gon' diss you on the  
internet.  
Cause my mama taught me better than that.

## REF.

After all of the darkness and sadness.  
Soon comes happiness.  
If I surround myself with positive things.  
I'll again prosperity.

## REF. (2x)

## Stay With Me

Now I'm begging you for mercy.  
Digging deep into my heart.  
Will I ever lose my humour.  
Will I ever become smart.  
I see there's someone screaming in the mirror.  
Someone who really wants to get you back.  
I really need you.  
I really love you.

**Stay with me.  
Don't leave me alone.  
I'm on my knees.  
Stay wit me.  
Don't leave me alone.  
Don't leave me alone.**

All I have left is just one question.  
How can you walk out of the door?  
I need a little explanation.  
After all the promises you swore.  
I really need you. (Yes!)  
I really love you.  
Don't you ever let me go.

**Stay with me.  
Don't leave me alone.  
I'm on my knees.  
Stay wit me.  
Don't leave me alone.  
Don't leave me alone.  
Stay with me.  
And I swear that I will change.  
I will be a very good girl.**

**Stay with me.  
Don't leave me alone.  
I'm on my knees.  
Stay wit me.  
Don't leave me alone.  
Don't leave me alone.**

**Stay with me.  
And I swear that I will change.  
I will be a very good girl.  
Stay with me  
Stay with me**

**Don't leave me alone.  
I swear I will be a good girl  
I will be a good girl. I will be a good girl.**

## Anytime

Anytime. When you cross my mind.  
And I walk along your footsteps.  
Anytime. You leave a tiny trace.  
Anytime. It's easier to erase.  
Everytime. You're still making me confused.  
And I wonder: how do you feel.

**I'm thousand bombs exploding.  
One milion diamonds in the air.  
And I wonder: how do you feel.  
I'm thousand sirens screaming.  
I'm silent like a windless day.  
And I wonder.**

Anytime. When you're lost in wine.  
You hold my hand and talk in circles.  
Anytime. All I do is smile.  
Anytime. I'm happy for a while.  
Everytime. I don't miss you when you're gone.  
I still wonder: how do you feel.

**I'm thousand bombs exploding.  
One milion diamonds in the air.  
And I wonder: how do you feel.  
I'm thousand sirens screaming.  
I'm silent like a windless day.  
And I wonder: how do you feel.**

All the rivers I cried.  
All the walls I built high.  
Against the world to see me.  
Now I have a new life.  
There's no place in my hert left.  
I still wonder...  
Anytime. I don't miss you whan you're gone.  
There's no place left in my heart.  
Still I wonder...  
I still wonder. I still wonder: how do you feel.

**I'm thousand bombs exploding.  
One milion diamonds in the air.  
And I wonder: how do you feel.  
I'm thousand sirens screaming.  
I'm silent like a windless day.  
And I wonder: how do you feel.  
How do you feel.**

## **Black Vicious Monster**

Can't believe it's happening.  
Can't believe this heavy spleen.  
Turn around and your sight was gone black.  
It's a dream you don't belong.  
It's a scary sounding song.  
You got burned and will never hide it.

**Black vicious monster in you heart.  
Burned by the darkness. Tunnel sight.  
You're a necessary part of this all.  
A necessary pilot. Flying through in the night.**

Put a brick on to your wall.  
Make it sure that you don't fall.  
Haul your white flag up. Goodbye.

**Black vicious monster in you heart.  
Burned by the darkness. Tunnel sight.  
You're a necessary part of this all.  
A necessary pilot.  
Black vicious monster in you heart.  
Burned by the darkness. Tunnel sight.  
You're a necessary part of this all.  
A necessary pilot. Flying through in the night.**

There's a man who cried more.  
Than the sky upon his shoulders.  
On the Monday it all crashed down.  
Was gone black. Gone black.

I wanna take your flag.  
I wanna hold your bag.  
I want to come back into life.

**Black vicious monster in you heart.  
Burned by the darkness. Tunnel sight.  
You're a necessary part of this all.  
A necessary pilot.  
Nothing in your heart left to go on.  
Nothing in the world can save your soul.  
You're a necessary part of this all.  
Your monster is your pilot.  
Flying through in the night.**

## **Bang Boom Bang**

Bang boom bang. A bullet into the brain.  
Singing Supersonic Speed again.  
Another. Bang boom bang.  
What a beautiful blame.  
Got a pain killing drug in my veins.  
Oh God, I know it's so strange.  
You're my double O-7.  
I'm your double D love affair.  
I hear a Bang boom bang.  
Go from hell to heaven.  
Ride (ride, ride) an electric chair.  
Got the best seat in your car.  
Hand in hand we will survive.

**Playing Bonnie and Clyde. I would die.  
We're standing on the edge again.  
Karosene inside.  
Playing Bonnie and Clyde. Can't you see.  
There's an always burning part of me.  
Karosene inside.**

Bang boom bang. And you got me going.  
Put a gun in my head and said: go!  
I can't believe all the trouble.  
And the passion you show.  
Put my reality out of control.  
I hear a Bang boom bang.  
I am caught in a trap.  
Without your great victorious name.  
Another. Bang boom bang. I'm delirious.  
I feel no pity, feel no shame.  
Got the best seat in your car.  
Hand in hand we will survive.

**Playing Bonnie and Clyde. I would die.  
We're standing on the edge again.  
Karosene inside.  
Playing Bonnie and Clyde. Can't you see.  
There's an always burning part of me.  
Karosene inside.**

Everything is good.  
In this rainbow coloured place.  
Only a few black wholes.  
I'll stuff their mouth with lace.

**Playing Bonnie and Clyde. I would die.  
We're standing on the edge again.  
Karosene inside.  
Playing Bonnie and Clyde. Can't you see.  
There's an always burning part of me.  
Karosene.  
Heart over heals. Heart over fear.  
There's an always burning part of me.  
Heart over heals. Heart over fear.  
Heart over heals. Heart over fear.  
There's an always burning part of me.  
Karosene in me.**

## Help Me

Goodbye to the darkness.  
Goodbye to lies.  
I'm gone for tomorrow.  
So sick and tired.  
Goodbye my wannabe friends.  
I see you through.  
You better save your energy.  
No miss you's.  
'Cause now I'm leaving.  
Just don't know where.

**Help me. Help me. Help me. Help me.**  
**Catch my life.**  
**Take me. Take me. Take me to the other side.**  
**Ready-steady go. I'm running.**  
**It's unbelievable. I'm going home.**

Day one of my new life.  
Come soon enough.  
I'll be gone for tomorrow.  
Let's spend the night together.  
Goodbye to my memories.  
So long my past.  
Only me and my suitcase.  
God, please, bless me.  
'Cause I'm leaving.  
Just don't know where.  
Hope I'll find the way.

**Help me. Help me. Help me. Help me.**  
**Catch my life.**  
**Take me. Take me. Take me to the other side.**  
**Ready-steady go. I'm running.**  
**It's unbelievable. I'm going home.**  
**I'm going home.**

Step by step. I'm rolling.  
Step by step. I'm heading up.  
Step by step. So catch me if you can.  
No more penalties. No more truck stops.  
No more promises. 'Cause I'm going home.  
Going home. I'm so sure.

**Help me. Help me. Help me. Help me.**  
**Catch my life.**  
**Take me. Take me. Take me to the other side.**  
**Ready-steady go (Ready-steady go).**  
**It's unbelievable. I'm going home.**  
**I'm going home.**

No more penalties. No more truck stops.  
No more promises. 'Cause I'm going home.  
I'm going home. (2x)  
Step by step. I'm going home.

## Sweet Enemy

Everytime you shake me.  
Everytime you break me. I take a deep breath.  
Let's bring it all behind us.  
Tranquilize the surface. What did you expect?  
You say that family's sacred.  
But you're unfaithful. Who's to crucify.  
You took it easy. Now the sun is freezing.  
Tragic lullaby.  
Shut your mouth. Shut your mouth.

**Sweet enemy. Get out of my bed.  
I don't wanna share with you.  
Damn agony. Spreads in your head.  
This train is going nowhere.  
Sweet enemy. Perish yourself.  
I don't wanna fight with you.  
Stop killing me. You're second to late.  
To rewind and erase.**

A little bit dramatic. A person so fanatic.  
Damn your best friend.  
Let's bring it all behind us.  
Tranquilize the surface. This is the end.  
Shut your mouth. Shut your mouth.

**Sweet enemy. Get out of my bed.  
I don't wanna share with you.  
Damn agony. Spreads in your head.  
This train is going nowhere.  
Sweet enemy. Perish yourself.  
I don't wanna fight with you.  
Stop killing me. You're second to late.  
To rewind and erase. Rewind and erase.  
Rewind and erase. Rewind and erase.**

**Sweet enemy. Get out of my bed.  
I don't wanna share with you.  
Damn agony. Spreads in your head.  
This train is going nowhere.  
Sweet enemy. Perish yourself.

Rewind and erase.**

## Anywhere Without You

You look down from heaven.  
Just to see how we are.  
You gave us shelter.  
An umbrella of stars.  
Sometimes you're crying.  
'Cause it's so hard for you to see.  
When you look down from heaven.  
To remember how we dream.

**And I swear to god.**

**I will not go anywhere without you.  
I will not go anywhere without you.  
(Memories and pictures).  
I will not go anywhere without you.  
I will not go anywhere without you.  
(Memories and pictures.)**

You're happy when we sing.  
Painting pictures in the clouds.  
The memories are fragile.  
So pretty and proud.  
Sometimes I'm crying.  
'Cause it's hard for me to hear.  
Your breath is like summer.  
A lovely atmosphere.

**I will not go anywhere without you.  
I will not go anywhere without you.  
(Memories and pictures).  
I will not go anywhere without you.  
I will not go anywhere without you.  
(Memories and pictures.)**

I won't go anywhere. Flow like water.
